

# AIRFRAME<sup>®</sup>

## PORTRABLE CAR MOUNT

*Simple. Elegant. Hands-free.*

Welcome to an improved driving experience with **Airframe**, the world's most portable car mount for smartphones. Just attach Airframe on to any air vent and insert your smartphone. It's that simple. Airframe weighs less than an ounce and makes the perfect companion for everyday use, vacations and business trips.

MSRP: \$24.95

### SAFELY IN VIEW

 Keep your smartphone in sight at eye level and ready for GPS directions, streaming music, and hands-free calls. Airframe eliminates fumbling searches, looking away from the road, and other unsafe behaviors.

White **NEW**

### EXPANDABLE GRIP

Airframe's spring loaded expandable jaw securely holds most smartphones (up to 5" screens), including iPhones, Samsung Galaxy phones, BlackBerry phones, and Windows phones. It also works with most cases.

### WORKS WITH ANY VENT TYPE

Our patent-pending design uses a rotating clip, that securely mounts Airframe onto any vent (horizontal, vertical, or angled). Soft, over-molded grips keep your car free from scratches.
